EXECUTIVE SUMMARY

Established in 1997, SilTek Inc., a certified WOSB, provides a broad range of computer engineering, data analytics, management consulting, cybersecurity, and staffing to the government market. SilTek offers multi-disciplinary expertise with proven solutions and over 23 years of federal contracting experience. Our team harnesses digital technologies with innovation to optimize agency missions, leveraging software engineering, artificial intelligence (AI), and program automation with improved performance and quality. We provide sustainable deliverables — tools that are streamlined, automated, and auditable. SilTek has strong past performance and unparalleled dedication and commitment to ensuring the success of our clients.
